

CUTOUT
CRAFT

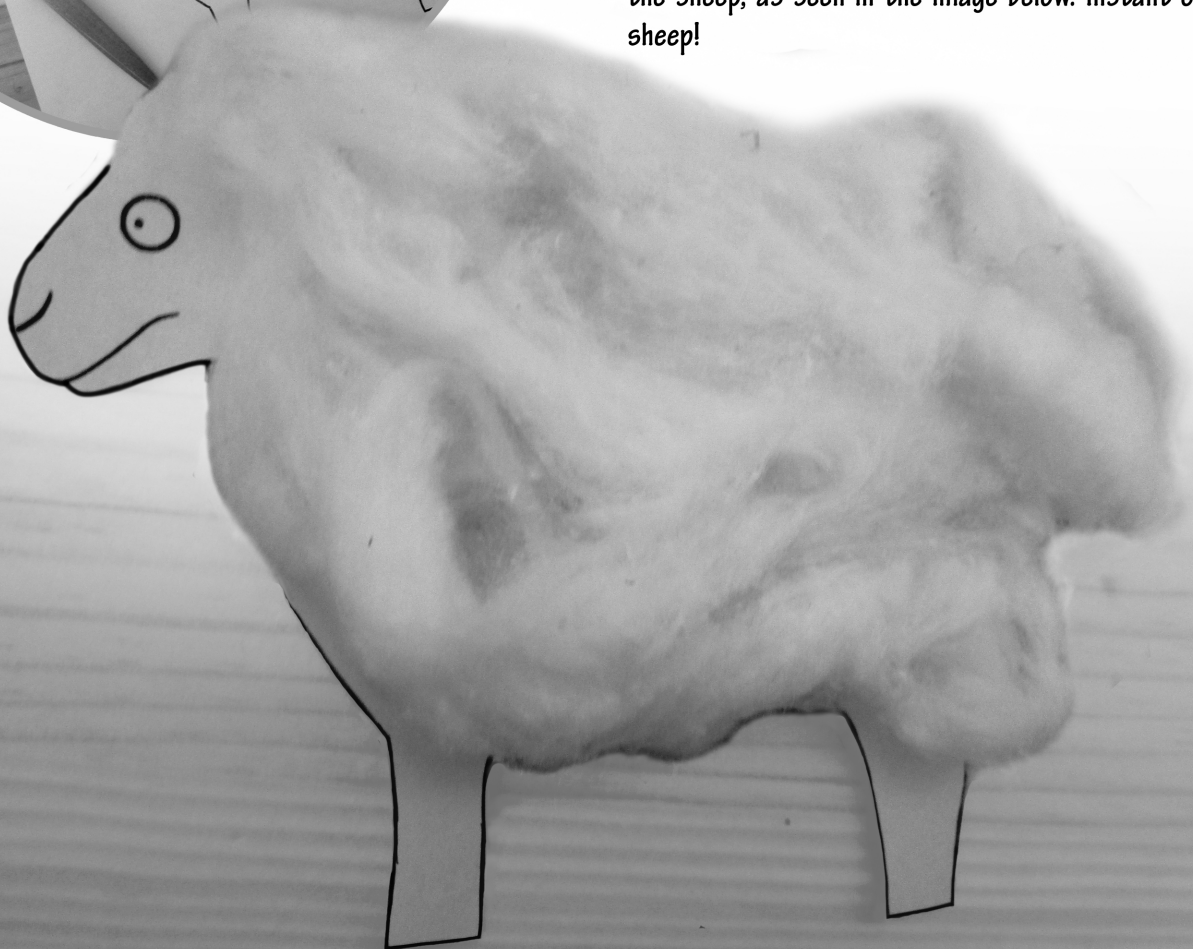

Cotton Ball Sheep

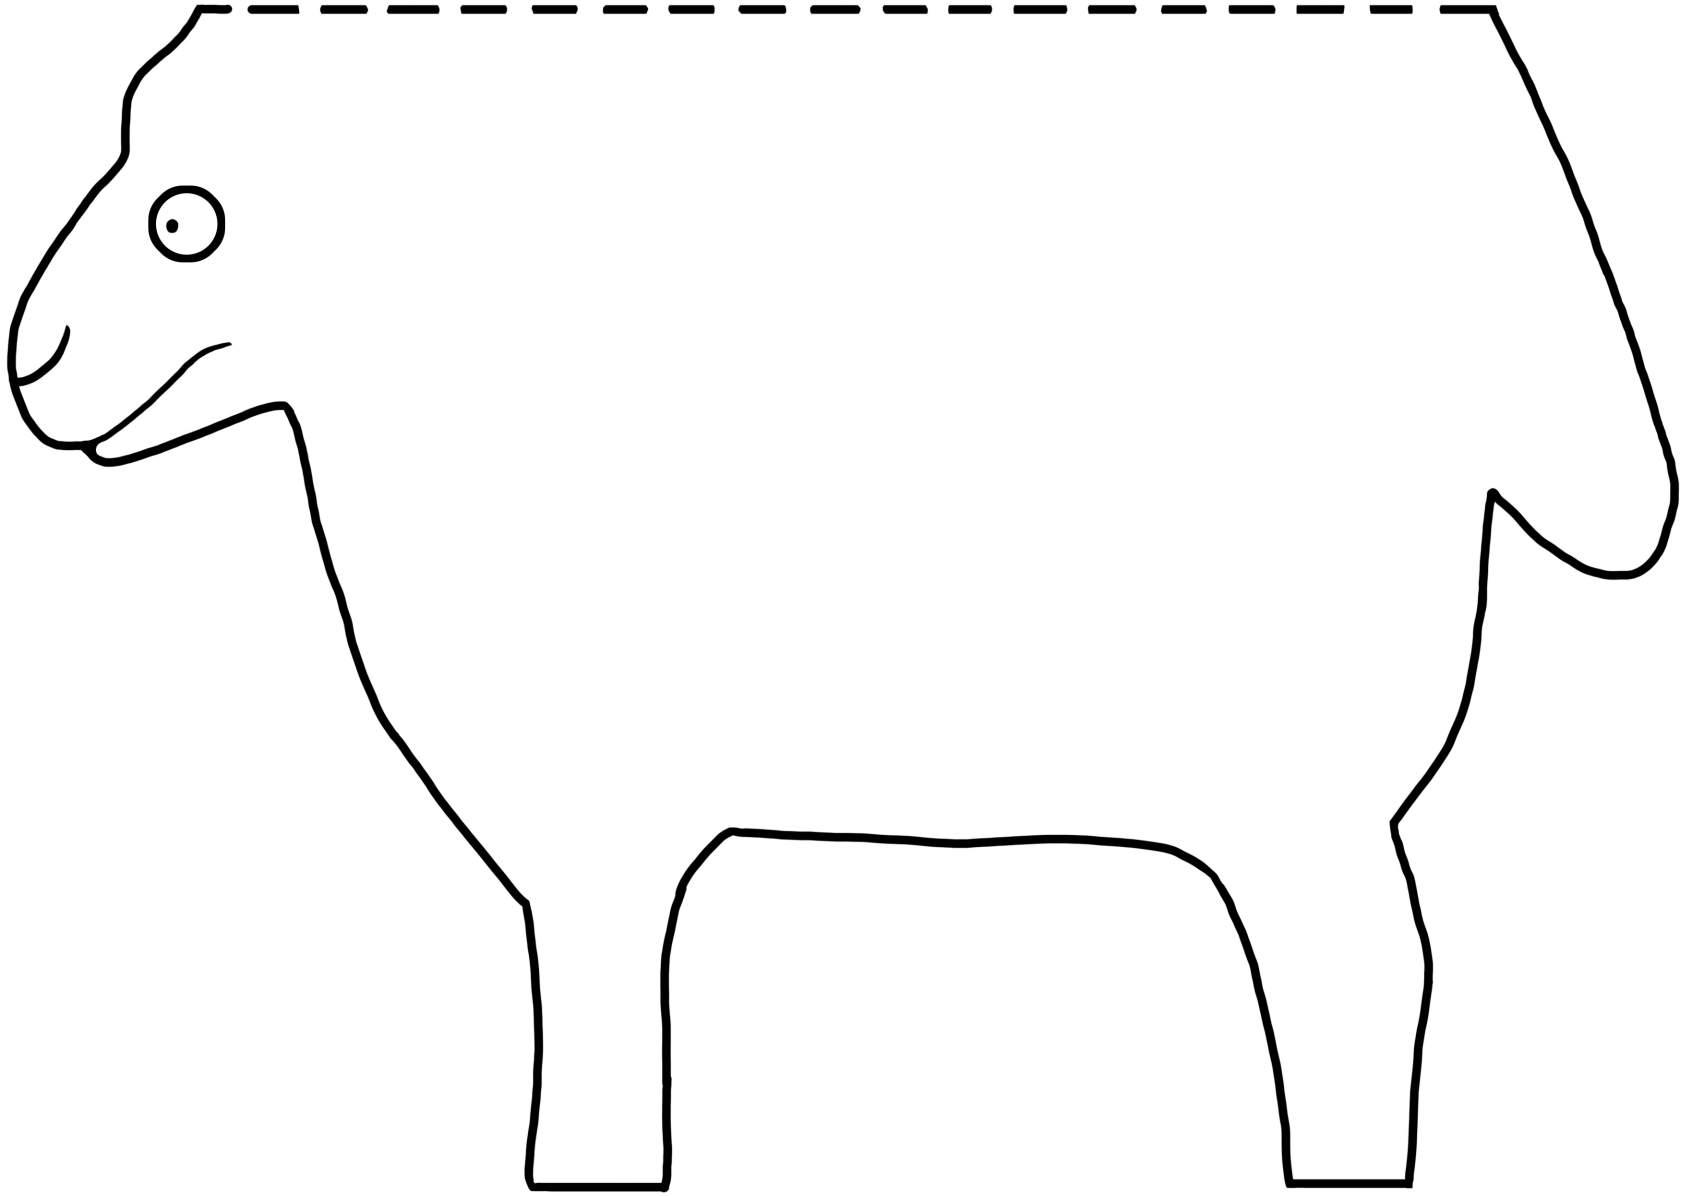

Items you will need:

1. First, print the sheep craft template from this link:
www.kingdompreppers.org/lkp-printables-sup/sheep-craft-cutout
2. Get some cotton balls, or cotton wool.
3. You'll need a tube of glue, or a glue stick,
4. And you'll need a pair of scissors.

Instructions:

Simply cut the sheep from the template after printing it (making sure to let the black lines show) then pull and fluff the cotton balls before gluing and pasting them onto the body of the sheep, as seen in the image below. Instant cotton ball sheep!

For this cutout, see instructions on LKP Printables 001.
You can find it at www.kingdompreppers.org
